Sandusky Pastor, Former Salem Man, Speaks At Memorial Rites

ARNS AGAINST FOREIGN PLANS

Ints Difference between U. S. and Dictator-Ruled Nations

Salem paid tribute to its war dead in fitting Memorial day parade Thursday.

Parade in the morning and ceremonies at Grandview cemetery followed in the afternoon by impressive parade at 1:30 and services at Hope cemetery. The services of Foreign Wars ritual observed in the morning ceremonies at Grandview cemetery.

Rev. Miller Speaks

Rev. H. L. Miller of Sandusky, former pastor of the Salem Christian church, speaking at the exercises at Hope cemetery in the afternoon, paid tribute to the war dead and lauded the constitution of the United States as an expression of the people of the United States.

Rev. Miller told his audience how fortunate they were in living in a democracy where the government was for the people and by them. He pointed out the difference between the United States and the strife torn, dictatorship-ruled lands in Europe, as examples, Germany and Italy.

He warned against false and radical teachings and urged the adherence to sound American governmental rules as laid by early American heroes.

At the morning exercises at Grandview cemetery, Rev. Miller spoke on patriotism and noble living and told his listeners the peace of mind they have on hand today in a hard battle. "Preparedness," he said, "is the preparation in men and in the hearts."

Civil War Vets In Parade

Salem's only two Civil War veterans, Charles Bonnell and William Horne, rode in the parade and took part in the Hope cemetery exercises. Miles Ruble, Damascus Civil War veteran, was unable to be present.

Hundreds of persons witnessed the afternoon parade which moved at 1:30 p. m. from the starting point on South Broadway near East State down State street to Lincoln avenue and north on Lincoln to the cemetery.

The first exercise at Hope cemetery was the unveiling of a tablet to the memory of Edwin Coppock.

Walter McGee, sentenced to die for the kidnapping of Miss Mary McElroy, daughter of the city manager of Kansas City, Mo., faced a life sentence joyfully after he had learned that the governor had granted Miss McElroy's plea for clemency.

PLEADS GUILTY IN LIQUOR CASE

Pennsylvanian Assessed Fine of \$500 In Local Court

John J. McKetta Jr., of Westmoreland county, Pa., nabbed by police on East State street early Wednesday afternoon with 170 gallons of liquor in his automobile, was fined \$500 and costs when he pleaded guilty in Mayor Norman Phillips' court yesterday to a charge of transporting liquor.

It was the first time that a liquor law violator, caught transporting whiskey through the city, had pleaded guilty in the local court, and the plea brought over \$500 into the city coffers. Previously the transporters entered not guilty pleas and federal agents took over the case.

Police Chief Ralph N. Stoffer dumped the liquor at the disposal plant on Wednesday.

New Forms Issued For Relief Orders

LISBON, May 31. — The county relief office here has been ordered by the FERA to discontinue immediately the use of forms 729 and 29-A, relief orders. The former is the "green" order for merchandise issued a relief client and the latter is the merchant's invoice form.

In place of the two certificates have been voided, upon instructions from Washington. Another form, No. 132, is to be used in the issuance of relief orders, which includes the order for merchandise, the invoice and the vendor's certificate.

Acting State Relief Director Charles C. Stillman in notifying the local office to discontinue the use of the two forms and substituting another advised, "this action is necessitated by instruction from Washington."

23 DEAD, MISSING AS FLOOD HITS WESTERN AREAS

Hundreds Homeless In Colorado Springs and Nearby Towns

TORRENTS SWEEP FROM MOUNTAINS

Thousands Are Reported Dead In Quakes In India

KARACHI, India, May 31.—An estimate that 20,000 persons were killed early today in Quetta alone by the earthquake which jarred northeast India was contained tonight in a wireless message from the Quetta wireless station.

COLORADO SPRINGS, Colo., May 31.—Twenty-three persons were reported dead and missing today as flood burdened mountain streams lost their thundering menace of death and destruction.

Hundreds of persons were homeless and the property damage in Colorado Springs, Pueblo, and two small villages north of here was estimated at hundreds of thousands of dollars.

Emerging from a night of terror and its most disastrous flood in 15 years, the harassed area took stock by daylight and saw that this eastern slope city was the focal point of the waters' attack. Homes were swept away, highway and railway bridges gone, and communication, power and transportation paralyzed.

No Deaths at Pueblo

Pueblo, scene of the 1920 flood disaster, escaped with some property damage but no deaths. Denver's fears that turbulent Cherry creek would rampage this morning disappeared as the crest of a black torrent roared into the South Platte river without flooding the city.

Greatest concern today was centered on the still isolated community of Iowa and its neighbor, Elbert, from which little news had emerged, but which suffered the brunt of two huge torrents originating in a cloudburst on the crest of a watershed which sent part of the deluge down each side of the drainage.

Efforts were being made today to reach Kiowa by airplane, by horseback and on foot. Brides on all roads approaching the village were wrecked. Communication lines were down. There is no nearby landing field for airplanes.

Twelve persons, 10 of them unidentified, were on the death list here. The known dead are Mrs. Emma B. Clark, 58, and Lee Cimino, 35, of Ivywood, a suburb.

Five other deaths were charged to floods which swept Northeastern Colorado earlier in the week.

Six persons were reported missing here.

They were Mr. and Mrs. Herman

Twenty-five local singers constitute the personnel of the Madrigal club, which is directed by John C. Dickson, of near Petersburg. The club has been practicing for the last six weeks in anticipation of the opening concert June 11.

5 More Chiselers Picked Up in County

LISBON, May 31.—Five additional chiselers on relief lists in this county have been uncovered, and the group, all residing in the East Liverpool district, will report at the county relief offices here Saturday.

COURT DECISION IS HIT BY F. D. R.

Takes Nation Back To "Horse, Buggy Stage", He Declares

(By Associated Press)

WASHINGTON, May 31.—President Roosevelt said today that implications of the supreme court's NRA decision meant the end of the Agriculture Adjustment Administration, the Securities Commission and the Federal Alcohol Control Administration.

He told his crowded press conference the court's interpretation of the interstate commerce clause of the constitution took the nation back to "the horse and buggy stage."

The issue drawn, he said, was that of taking away from the federal government control over national economic and social conditions. The President did not appear to deem it exactly necessary, however, to focus the issue through a constitutional amendment.

Evidently administration thought on the subject had not matured completely, as it considered what steps to take immediately to meet the problems raised by NRA's passing.

Surrounded by Mrs. Roosevelt, and his secretaries, the President spoke calmly and deliberately as he outlined the situation in part of the note-taking audience.

He had a copy of the decision in his hand and referred to it occasionally.

Outlining the "issue," Mr. Roosevelt said—in using the word he wanted it emphasized that he did not consider it a "partisan issue."

He said it would have to be settled by a vote of the people—not necessarily this summer or fall or winter but probably in the next four or five years.

Two County Relief Office Employees Are Transferred

LISBON, June 1.—Changes were announced today in the personnel of the Columbiana county relief offices here.

Arthur Dickson, of St. Clairsville, works division manager for the county, has been transferred to District No. 1, at St. Clairsville, as assistant district engineer, effective tomorrow. W. J. Ovington, of Cleveland will succeed Dickson.

HUNT GANGSTER IN KIDNAPING OF TACOMA TOT

Ed. Bentz Is Latest Suspect In Weyerhaeuser Abduction

KNOWN AS LAST OF "BATES GANG"

Was Also Former Associate of "Machine-Gun Kelly"

By LELAND HANNUM, (Copyright, 1935, by the Associated Press)

TACOMA, May 31.—Ed. Bentz, one-time associate of Albert Bates and "Machine Gun" Kelly, was disclosed today as the latest suspect in the George Weyerhaeuser kidnapping.

A federal agent made the disclosure with the remark, "we would like to talk to Bentz."

Even before the agent dropped the remark it was known authorities here have theorized over the possible connection of the 40-year-old Bentz with the disappearance of the curly-haired, nine-year-old son of the wealthy lumber and logging dynasty.

Team Work Is Seen

Some of them believe that Bentz, last of the Bates gang, may have teamed with the remnants of the Karpis mob to stage the Weyerhaeuser \$200,000 ransom plot. Bentz is a former Tacoma man. The Karpis gang engineered the \$200,000 Edwin G. Bremer "snatch" in St. Paul which had striking similarities to the kidnapping here. The Weyerhaeuser interests are centered in Tacoma and St. Paul.

Although Alvin Karpis and his henchman, Harry Campbell, are fugitives from the Bremer case, Tacoma authorities apparently took little stock in the statement of Mr. and Mrs. Clarence G. Reed, Tacoma apartment managers, that a man resembling Volney Davis of the Karpis mob, rented an apartment here Saturday and left with a woman, a few hours later.

With the Lindbergh law's seven "days of grace" expiring at noon today, the department of justice agents were prepared to step into the Weyerhaeuser case and act.

Will Face Death

U. S. Attorney J. Charles Dennis of this federal district, said that under the law, George is presumed to have been slain or to have been taken across the state lines, if he still is unreturned after seven days. The kidnappers then face the gallows or life imprisonment.

Until the seven days expire, the federal agents are interested in the case through the mail fraud act, which sets a minimum of 20 years and \$5,000 fine for each extortion letter sent through the mail, Dennis said.

Belief "the Weyerhaeuser boy will be returned to his parents alive" was confidently expressed by William Cole, chief of the Washington state patrol which has been mobilized for the Weyerhaeuser case.

Meantime, Sheriff L. C. Hunter of Thurston county, still refused to identify the case which took him out of Olympia so mysteriously early yesterday that not even his wife knew where he had gone. A search was started by state patrolmen and Hunter's deputies when Mrs. Hunter reported her husband left home after receiving a telephone call and had not returned.

SHEPARD HIGH IN POLICE TEST

Three Names Certified To City Board of Control

Three men have been certified to the city board of control as being eligible for jobs on the police force as the result of examinations held at the high school last Friday.

Harold V. Shepard received a grade of 80 1/2 per cent on the test and Myron A. Kelly received a grade of 79 1/2. Howard Forney was third with a 76 mark. Eleven others took the civil service examinations.

Mayor Norman Phillips today said a meeting of the board of control, which includes, besides himself, Safety Director George Baillie and Service Director Charles Kennedy, would be held with a day or two to pass on the applicants.

There are no permanent vacancies on the force at the present time. In the event one occurs, however, it is likely that James Hassey, combination merchant and city patrolman, will be given the post and a new man moved into Hassey's position, Mayor Phillips said.

Services Planned In Highland Church

A team of gospel workers from the Baptist church, with Wallace Bowker as leader, will open services Monday night at the Highland church for the summer. Services will continue nightly for one week, with Rev. A. C. Westphal preaching. Miss Margaret Kirkbride will serve as organist, and special music will be provided each night.

On Wednesday night, James Ross will deliver the message. Friday night will be family night and a prize will be given to the largest family present from Highland. Rev. Westphal will deliver a visual message on the subject, "Mother's Bible" that night.

A Sunday school will be organized following the week's services, and the school will be continued each Sunday.

The young people of the Salem church request cars for nightly transportation, and cordially invite members and friends to join in this work.

Three Golfers Tie In Club Tournament

The tournament attracted many players. A chicken dinner was served to members and their families in the club house at noon.

Total of \$14,633.12 Is Subscribed During Two Days

Lacking \$1,266.88 of the quota, \$15,900, Salem's Community Chest campaign continues today with workers still in the field. Campaign leaders today said every indication pointed to a successful culmination of the drive by tomorrow at noon.

Reporting Wednesday night at the Memorial building, the various campaign forces, including executive committee, shop team, city teams, school and hospital units, turned in \$7,177.76.

This sum, coupled with the \$7,455.36 reported Tuesday night, produced a total of \$14,633.12.

The schools, which had reported \$370.38 Tuesday night, added \$31.50 to their total, and the hospital auxiliary turned in an additional \$304.50 to their initial report of \$425.25. The staff of the City hospital increased the fund Wednesday night to the extent of \$58.75.

The executive committee distributed \$600 to each team and the shop team increased each team's total by \$150.

The team reports for the two days follows:

Team No. 1	.....	\$ 888.88	\$ 892.00

Mayor Norman Phillips, campaign chairman, presided at Wednesday night's meeting. Brief talks are given by Andrew MacLeod, chairman of the executive committee, and Wilbur Springer high school principal.

An excellent program of music during the dinner was provided by Culbertson's orchestra.

World War Veteran Given Verdict In Insurance Action

Raymond Johns, 744 East Third st., was victor in a jury verdict handed down Wednesday in U. S. district court in Youngstown.

Johns, a World War veteran serving with Battery E 106th Field Artillery, converted his war insurance into \$3,000 20-pay life on July 1, 1929. He contended he was permanently and totally disabled Aug. 19, 1929, and asked for \$17,250 a month from the government on his policy.

The case was filed in federal court Nov. 15, 1932 after being rejected by the United States claims counsel Oct. 2, 1932.

A jury, after deliberating an hour, decreed before Judge John Paul Jones that Johns should be paid.

The government called eight witnesses, including experts from Hines, Ill., where the plaintiff spent a year in a government hospital. The plaintiff had nine witnesses, including a number of physicians.

Highway Patrolmen Arrest 2 Motorists

James McGee, of Youngstown, arrested by State Highway Patrolmen J. E. Ivory on a charge of driving while intoxicated, was fined \$100 and costs when he pleaded guilty before Justice of the Peace S. S. Weaver at Columbiana on Wednesday.

Jack Ligon, arrested by Patrolman F. S. VanAllen for improper display of license plates, was fined \$10 and costs when he pleaded guilty in a Ravenna court.

How To End It

SANTA MONICA, Cal., May 31.—Our state assembly is having a terrible fight. There is 27 EPICS (eliminate poverty in California) on the Sinclair ticket. That's out of a membership of 80 in the lower house.

Well, the fight is just among these 27. It's a bill to stop all of these unemployed that's flocking into the state. (It passed the lower house.)

Some EPICS say they can eliminate the poverty in the state, but they can't eliminate all the poverty that comes in. Others say that one state can't bar people of other states.

All of which gets back to my plan, that is of being able to wire the Supreme Court and ask them; they reply with a night letter, and the whole thing is settled once and for all. Yours,

Will Rogers

## INVENTORY

The inventory of the new deal which President  
Roosevelt is taking will determine the nature of  
administrative policy during the time remaining be-  
fore 1936—and thereafter, if Mr. Roosevelt is elected  
a second time. He has certain important decisions  
to make.He does not seem to have, however, a wide latitude  
in which to choose. The general nature of his leader-  
ship has been fixed by its manifestations up to the  
present. It could not be changed without grave  
damage to Mr. Roosevelt's political strength.Thus, it is natural that early speculation on the  
steps which may be taken following the supreme  
court's damaging ruling on the recovery act runs  
along the line of circumventing the ruling. Several  
methods are suggested, ranging from passage of laws  
defining exactly powers delegated to the president to  
a constitutional amendment making it impossible for  
the supreme court to pass on acts of congress.It is not likely these will be the products of more  
deliberate examination of the situation in which the  
administration has been placed by the adverse  
decisions of the supreme court. Their immaturity is  
revealed in the supposition that the country wants  
the court's ruling to be circumvented. Congress de-  
layed action on the question of continuing the re-  
covery act until it knew what the court was going  
to decide. The decision will not be held lightly.President Roosevelt's problem is to preserve the  
general nature of his administration within con-  
stitutional limitations. If the inventory he is taking  
does not make that point clear, it will not be a com-  
plete inventory. Mr. Roosevelt is handicapped, as  
are all presidents, by his isolation. He must depend,  
therefore, on his own good judgment to prevent his  
administration from giving the appearance of losing  
touch with the prevailing opinion in the nation.

## SOMETHING FOR NOTHING

Cleveland postmen, according to the president of  
their association, are meeting many unreasonable  
persons these days who are angry because the morn-  
ing mail isn't bringing them the dollars they ex-  
pected to get from the chain letters they sent out.  
The postmen are losing their tempers because some  
of the patrons they serve seem to think their mail  
isn't being delivered to them properly.The postmen know what the others won't admit.  
That the chain letter craze has exhausted itself.  
There aren't any more dimes, half dollars and dol-  
lars to come. (The reason is simple enough to be  
understood by even the disappointed Wallingfords,  
if they would try.) The possibilities have been ex-  
hausted.Few men will turn down an opportunity to get  
something for nothing. That explained the sudden  
and tremendous growth of the chain letter idea. It  
also explains its sudden and complete death. The  
country has been covered. It is no longer possible to  
get something for nothing, because there are not  
enough outsiders left to foot the bill. The numerical  
increase of insiders occurred too rapidly.Americans learned something from the chain letter  
fad, but they won't remember it long. There is no  
way for any considerable number of men to make  
money without effort. If an idea looks good enough  
to seem worth trying, it wears itself out with popular-  
ity. That's what happened to chain letters and it's  
what happened to the boom market of 1929. The  
whole thing is like flies lighting on a piece of sugar.  
There's just so much standing room, and it's oc-  
cupied by the early arrivals. They get the sugar,  
whether it be in the form of chain letter dimes and  
dollars, speculative profit in the stock market or  
business.

## O. O. McINTYRE

NEW YORK DAY BY DAY

NEW YORK, May 30—Washington Square's best  
known fashion plate is the 79-year artist, Reginald  
Birch. His daily saunter, with that touch of cultured  
boyishness, from the avenue pent house studio to  
lunch at the Players suggests Count Boni's morning  
stroll from the Arch to the Place de la Concorde.  
Reggie, as he is known to intimates, features atightly waxed mustache, white spats, colored collars  
to match his shirts, cuff buttons and kerchief to  
blend with the color scheme, a malacca stick and  
lapel rosegay. He is famed for an achievement he  
has tried to live down.Forty years ago he drew the angelic and beautiful  
child that is known wherever books are read as "Little  
Lord Fauntleroy." The wistful lad in the velvet  
suit and spreading white lace collar talking to Hobbs,  
the grocer, became the best known illustration of  
the period.The "Fauntleroy cur" was as much of a rage  
among youngsters as the hair bob of a later decade.  
A rougher age classified Fauntleroy as a sissy and  
this embarrassed the creator. He has illustrated  
hundreds of books and magazine stories but it's the  
Fauntleroy drawings they remember.Tab and rep show folk, the few left, have a fasci-  
nating dialect all their own. Important words in a  
sentence are scrambled with f's like this: "The  
malfinger is solfore at the newfow infingene"—  
meaning "The manager is sore at the new ingenue."  
It is the trouper's way of excluding townies from  
conversation sacred to the profane. Sounds easy  
but takes a nimble tongue and practice.Around the airports they whisper, perhaps unfair-  
ly, that Wiley Post's repeated failure to conquer the  
trans-continental strato route can be traced to his  
break with Harold Gatty. Post had the nerve of the  
team, they say, but it was Gatty who attended to  
those little details which make the difference between  
a successful flight and a crack-up.From an earnest young writer: "I'm writing solely  
for the wastebasket these days. It seems to me  
readers would be spared much sophomoric balderdash  
if more apprentice scribes followed the same plan.  
And in the long run there would result a finer crop  
of word craftsmen. After all, even trained medics  
practice their scalpel dices on cadavers before they  
open cash customers."This is the time of year I like to turn to that  
weekly the circus, vaudeville and carnival folk know  
as "Billyboy" and the publishing world as The Bill-  
board. In its pages one may learn late news of the  
last of the gipsies—the pitchmen, lot demonstrators,  
streetmen, novelty salesmen, medicine men and  
coupon workers. With the first spring buds these  
romanticists become birds of passage and always on  
the wing. They hibernate mostly around New York  
—Coney Island, Asbury Park, Atlantic City and the  
like. Here is an army that has ridden the depression  
top-gallant. They never while and life and the open  
road are always high adventure.Hear strains from the glad songs as printed in  
letters to "Billyboy": "Doing fine in single-o med-  
icine, putting over linament like a house afire!" ...  
"Biz up and up in New Orleans but Dallas is a  
strawberry town!" ... "Working glass cutters and  
shapeners at present and cleaning up. Regards to  
Doc Thurmer!" ... "Knocked out a century in first  
two weeks with a med and coach wagon!" ... "Even  
with a poor flash in side street doorways, more than  
made expenses traveling north!" ... "Sopped up \$6.50  
a day with poo poo cushions despite dust storms."Broadway, Hollywood and Paris heard of the pass-  
ing of Ben Turpin with regret. As the husband of  
Rudy De Remer, one of the best known of the Follies  
beauties, he was long a conspicuous first nighter. He  
inherited a fortune in coal mines once estimated at  
\$60,000,000. One of his closest friends, a well known  
Broadwayite who died several months ago, was Billy  
Emmerich.Thingumbobs: Somerset Maugham refused \$250,-  
000 for a year's chore in Hollywood. The Howard  
Chandler Christy's dog and cat scream when separat-  
ed. Zelma O'Neal, who did a professional fade out  
on Broadway, is a big hit in London doing the same  
routine. A Broadway column: "The shape of Mc-  
Intyre's head is rather difficult to describe." ...  
Wilson Mizner's old crack about the knob on a dollar  
umbrella will give you a general idea.

## Dangers of Auto-Intoxication

Although we hear about a good  
many cases of auto-intoxication, a  
reliable authority states that more  
than half the population of the  
civilized world suffers from this  
complaint. The disorder is often  
associated with  
constipation, cat-  
arrhs and other  
intestinal distur-  
bances."Auto-intoxi-  
cation" means  
self-poisoning, of  
course. It is pro-  
duced by the ac-  
cumulation of  
poisonous sub-  
stances within  
the system. The  
poisons, where-  
ever they may be  
generated, are  
absorbed into the  
blood stream and carried to dif-  
ferent parts of the body.One who leads a sedentary life  
and who suffers from constipation  
may be the victim of auto-intoxi-  
cation. When waste matter accumu-  
lates in the large intestine, fer-  
mentation and putrefaction result  
and then follow the development  
and absorption of irritating poisons.  
In consequence there is set up a  
severe inflammation of the intes-  
tine, producing what is called  
"colitis." The absorption of the  
poison or of toxins may lead to  
disturbances elsewhere in the body.

## Symptoms of Disorder

The victim of intestinal "toxem-  
ia," or auto-intoxication, may com-  
plain of one symptom, or of many  
symptoms. General weakness, head-  
ache, heartburn, indigestion, and  
abdominal pain, are a few of the  
many signs of trouble. In most in-  
stances, the sufferer has a bad  
breath, coated tongue and un-  
pleasant taste in the mouth. He  
may be a chronic sufferer from  
nausea, indigestion and loss of  
appetite.Sufferers from auto-intoxication  
are restless, exceedingly sensitive  
and hard to please. They become  
easily depressed and are constant-  
ly discouraged. Poor health and lack  
of energy interfere with their daily  
tasks.Relief cannot be expected until  
the underlying disturbance is de-  
tected and completely overcome. It  
is wise to undergo a complete  
physical examination. If necessary,  
x-ray study of the intestinal tract  
should be made.The importance of daily elimina-  
tion cannot be overstated. Those  
who have constipation should resort  
to careful diet regulation, massage  
and special exercises. All fried and  
starchy foods, such as pie, cakes,  
pastries and sweet desserts, should  
be avoided or greatly limited. Ex-  
cessive use of salt, peppers, spices  
and alcoholic beverages should be  
avoided.The diet should be simple and  
nutritious. It should be of articles  
that are easily digested and include  
a variety of fresh fruits and  
vegetables. The food should be  
chewed slowly and carefully. Avoid  
hasty eating and eat at regular  
hours. Obtain an adequate number  
of hours of rest, sleep and relaxa-  
tion. Drink at least six to eight  
glasses of water daily.Where the intestines are the seat  
of infection, it is necessary that  
adequate medical care be given.  
Bear in mind that prompt medical  
attention will prevent auto-intoxi-  
cation and other ailments that can  
be traced to faulty elimination.Answers to Health Queries

## OUR READERS

HISTORIC CITY HALL

The News: read with interest and concern the article in The News of the 25th that our city has plans on foot to do away with our historic city hall and erect in its place a new building. As easy these days to spend the money and the time of getting "George" pay for the new building as it is to get the "George's" grand old grandchildren will be re-

known we are old fashioned and considered a back number but believe "honesty is the best policy" and have endeavored to maintain our income even if we are on patches and the bottom of our trousers are frayed. Salem needs to get on to some financial footing before we can get any project as big as the new "city hall." No doubt it will be told that the PWA or the city will furnish the money for the construction of the project but we must not overlook the fact that we will eventually have to pay plus interest.

We are informed unofficially that the city of Salem sold about \$78,000 of bonds that are to draw 5 per cent interest. That means that to meet our obligations due to the extent of \$78,000 we are now paying 5 per cent interest instead of the 5 per cent we were paying. If we are tax payers desire to invest in these new bonds, the paragon bought them will no doubt sell to sell us some at 109, a little like we were dealing with one of these "finance companies."

While the fact Salem cannot afford a new city hall there are others who would like to see the present building. The old building has a historic value that we should give serious consideration. Many anti-slavery women's suffrage meetings were held in this building. To some of the old building is as much a part of Salem as the nose is a part of a face. It is about the only historic building we have in the city.

It is true the state fire marshal condemned the building but he probably gave it his O. K. if we should fix it up. If we have to something our suggestion would be for the city to purchase a site East Pershing or some other suitable site off of the main artery and move the headquarters of the fire department to that location. Then remodel the present city hall and move the offices on the second floor to the first floor and add a public comfort room or rest room. Such a rest room would be a good advertisement for our city.

While there is no estimate available we believe the whole plan suggested above could be done for less than half the proposed cost of the new building.

We are these interested in keeping our city out of debt and preserving our historic settings to use their chance to adopt some such plan as we have suggested.

We hope we can get our fire trucks housed off the main artery and preserve as much of our historic setting as possible and save as far as possible to PAY OFF GO.

ED F. STRATTON.

## Theater Attractions

George Arliss in "Cardinal Richelieu" will be shown at the State theater Friday and Saturday. Arliss plays the red-robed prelate who became the power behind the throne of France 200 years ago. As the first minister of state, Richelieu's policy was threefold: to successfully prosecute the Thirty Years war between France on the one hand and Spain and the Holy Roman empire on the other; to concentrate the government of France under one head, the king of France and so make the country a nation instead of a confederacy of sovereign principalities; and finally to make France the motive power in European affairs.

### Puts Down Nobles

In order to achieve his objects he rigorously put down the great nobles, curtailing their power at every opportunity and actually causing to be executed, perhaps, the most powerful of them, the Duke of Montmorency.

George Arliss

His establishment of a central government for France paved the way for that country's eminence in the Council of Nations today. Throughout his ministry however he was attacked and conspired against, first by the queen mother and then by the French nobility. A love story is provided by Maureen O'Sullivan and Cesar Romero. Miss O'Sullivan is Richelieu's ward and Romero is a fiery conspirator against the cardinal. Romero is chosen to kill the cardinal but Richelieu wins him over and finally unites him in marriage with his ward to outfox the King who wants the girl for his courtesan.

Cardinal Richelieu outwitted his enemies on all sides and died with the sound in his ears of France's victorious cannons crushing the power of Spain.

At The Grand The Grand will show "Village Tale" Friday and Saturday. Randolph Scott and Kay Johnson are in the leading roles. This story of a small town and how the affairs of several couples affect the entire community, shows that everything a person does has its good or bad effect upon the lives of people around.

Supporting cast includes Dorothy Burgess, Janet Beecher and Robert Barrat.

# Technicolor May Revolutionize Film Industry

Hollywood awaits with bated breath the verdict of the movie public on "Recky Sharp," technicolor motion picture to be released in June. The movie industry may be on the verge of an upheaval as drastic as that which followed the introduction of sound effects following the sensational success of Al Jolson in "The Jazz Singer" in 1927. Miriam Hopkins, Billie Burke and Frances Dee are stars of the new film produced with the three-color process invented by Dr. Herbert Kalmus. The success of "La Cucaracha," a musical short in color, last season has encouraged producers.

# HOME MAKING HELPS

OF COURSE you are going to get the utmost out of your garden this year. Haven't you been promising yourself all through the winter that this summer you are going to see that your yard comes into its own?

So you will arrange to eat out of doors, or you will dedicate a corner of the garden to the glories of picnic meals. And this summer you are going to issue invitations for a buffet tea or supper to be served and consumed right in the garden. Yes, you are going to have a garden party of your own and everyone including the hostess, is going to have a splendid time.

A garden buffet will please your guests immensely. When you have an idea of the date, call the local weather bureau and you'll get some idea of how the elements will behave for your party. Anyway, it can always be held on the porch and in the living room, if it rains. But there are usually such long stretches of sunny, dry weather in the summer that the chances are excellent for fine weather at your garden party.

Arrangements Same

You will find that the arrangements are not much different than for an indoor buffet party. You will use all your card and game tables and chairs and beg or borrow some more. Of course, all your guests aren't likely to sit down at one and the same time, but just the same, you want to be sure that there are

## STRIKERS CALL SATURDAY VOTE

**Ballot To Determine Whether Strike Continues**

CANTON, O., May 31.—Striking steel workers picketed the plants of the Republic Steel corporation here in an atmosphere of peace to- day as city officials made plans for a vote of employees tomorrow on the question of continuing the strike.

Mayor A. R. Turnbull who assist- ed in formulating the "peaceful picketing" agreement which ended a series of clashes between com- pany guards and strike sympathiz- ers announced that he had been asked to supervise the vote tomor- row.

"At 10 Saturday morning we will conduct a vote to determine wheth- er the strike will continue," he said. "I have talked to many of the strikers and they say that the larg- est percentage of them is in favor of returning to work."

"Off On the Wrong Foot"

"I know about 90 per cent of the men and they are swell fellows. I think they got off on the wrong foot."

Mayor Turnbull said he met a delegation of 150 workers yester- day. Spokesmen for the group told the mayor that about 70 per cent of the men wanted to return to their jobs, Turnbull said.

The strike started Monday at the Berger Manufacturing Co., a Re- public subsidiary, and spread quick- ly to the Stark Rolling mill, the United Alloy plant and the United Alloy furnace division. More than a score of persons have been in- jured in clashes.

Republic Steel Corp. in a state- ment, said that "the proposition of an election is entirely up to the men. The vote is purely a matter for the employees."

**Fighting In Columbus**

COLUMBUS, O., May 31.—Fight- ing broke out at the strike-torn Co- lumbus Packing Co. plant today between 300 former employees and 200 policemen. Four officers and dozens of strikers were injured. Twenty-two strike sympathizers were arrested.

Police for 30 minutes fought with their blackjacks against strikers armed with clubs and rocks.

The outbreak occurred shortly before dawn. It followed a planned demonstration of men who formed at strike headquarters at midnight to march to the packing plant where union workers have been on strike for two months.

Police stopped the procession at South High street viaduct. A crowd of picketers was milling about the plant and Patrolman O. B. Wagner and Corp. C. L. Nafziger, attempt- ing to break them up, drove a police cruiser into the group. A picket was knocked to the ground.

**Strikers Hurt Rocks**

Strikers and their sympathizers then surrounded the cruiser, hurl- ing rocks at the officers. Patrolman Wagner was struck on the hand, the police car battered by the mu- sicles and one headlight smashed.

Other police attempted to quiet the demonstrators and a free-for- all fight ensued. Chief of Police Fred F. Kundt had placed every available officer at the scene, in- cluding detectives and vice squad men, when he learned of the plan- ned demonstration.

The chief said he had been in- formed the demonstrators planned to discharge dynamite in the rear of the plant to attract attention of police and give the strikers a chance to enter the plant.

## FRANCE TO CALL HERRIOT AGAIN

**Would Face Financial Emergency Which Oust- ed Premier Flandin**

By JOHN EVANS  
(Copyright, 1935, by The Associ- ated Press)

PARIS, May 31.—With Perre- Etienne Flandin forced out by an overwhelming parliamentary vote of lack of confidence and with the premier-designate, Fernand Bouis- son, apparently unable to form a cabinet, political quarters said to- day that Edouard Herriot probab- ly would be called upon again to serve as premier.

Herriot, who already has held the premiership three times, would be called upon to face the financial emergency which resulted in the chamber of deputies voting against Flandin, 333 to 202, early this morn- ing. Herriot himself was over- thrown after four days as premier in 1926 when the collapse of the franc caused Raymond Poincare to be called to the rescue.

Bouisson, 60-year-old president of the chamber of deputies, was asked by President Lebon to form a gov- ernment succeeding that of Flandin.

Bouisson undertook the task against his own wishes, but mad- such demands for coalition sup- port that friends said he expected to fail.

While the government crat- tered, gold flowed out from the bank of France in a cascading stream. Gold buyers, lined up at the bank's counters by the score and carried away bars of the metal sometimes wrapped in newspaper. A vast quantity of gold, already has been withdrawn during the past week.

The difficulties Bouisson encoun- tered removed all hope for con- struction of a new cabinet over- night.

## Opera Star Bites Player By Mistake

NEW YORK, May 31.—Sydney Reynier's acting in the opera "Cavaleria Rusticana" was a little too realistic for Ricci Pandisco in a performance at the Hippodrome last night.

Reynier, as Turridu, lover of Lola, was supposed to bite the ear of Pandisco, who played Alfio. Reynier rushed forward to carry out his bit of business in the traditional blood- less manner, but the two men col- lided and Reynier's teeth landed squarely on Pandisco's cheek.

Despite the fact that the teeth left a wound clearly visible from the front of the house, Pandisco carried on and later sang Toni in "Pagliacci."

# HOME MAKING HELPS

OF COURSE you are going to get the utmost out of your garden this year. Haven't you been promising yourself all through the winter that this summer you are going to see that your yard comes into its own?

So you will arrange to eat out of doors, or you will dedicate a corner of the garden to the glories of picnic meals. And this summer you are going to issue invitations for a buffet tea or supper to be served and consumed right in the garden. Yes, you are going to have a garden party of your own and everyone including the hostess, is going to have a splendid time.

A garden buffet will please your guests immensely. When you have an idea of the date, call the local weather bureau and you'll get some idea of how the elements will behave for your party. Anyway, it can always be held on the porch and in the living room, if it rains. But there are usually such long stretches of sunny, dry weather in the summer that the chances are excellent for fine weather at your garden party.

Arrangements Same

You will find that the arrangements are not much different than for an indoor buffet party. You will use all your card and game tables and chairs and beg or borrow some more. Of course, all your guests aren't likely to sit down at one and the same time, but just the same, you want to be sure that there are

## STRIKERS CALL SATURDAY VOTE

**Ballot To Determine Whether Strike Continues**

CANTON, O., May 31.—Striking steel workers picketed the plants of the Republic Steel corporation here in an atmosphere of peace today as city officials made plans for a vote of employees tomorrow on the question of continuing the strike.

Mayor A. R. Turnbull who assisted in formulating the "peaceful picketing" agreement which ended a series of clashes between company guards and strike sympathizers announced that he had been asked to supervise the vote tomorrow.

"At 10 Saturday morning we will conduct a vote to determine whether the strike will continue," he said. "I have talked to many of the strikers and they say that the largest percentage of them is in favor of returning to work."

"Off On the Wrong Foot"  
"I know about 90 per cent of the men and they are swell fellows. I think they got off on the wrong foot."

Mayor Turnbull said he met a delegation of 150 workers yesterday. Spokesmen for the group told the mayor that about 70 per cent of the men wanted to return to their jobs, Turnbull said.

The strike started Monday at the Berger Manufacturing Co., a Republic subsidiary, and spread quickly to the Stark Rolling mill, the United Alloy plant and the United Alloy furnace division. More than a score of persons have been injured in clashes.

Republic Steel Corp., in a statement, said that "the proposition of an election is entirely up to the men. The vote is purely a matter for the employees."

**Fighting In Columbus**  
COLUMBUS, O., May 31.—Fighting broke out at the strike-torn Columbus Packing Co. plant today between 300 former employees and 200 policemen. Four officers and dozens of strikers were injured. Twenty-two strike sympathizers were arrested.

Police for 30 minutes fought with their blackjacks against strikers armed with clubs and rocks. The outbreak occurred shortly before dawn. It followed a planned demonstration of men who formed at strike headquarters at midnight to march to the packing plant where union workers have been on strike for two months.

## FRANCE TO CALL HERRIOT AGAIN

**Would Face Financial Emergency Which Oust Premier Flandin**

By JOHN EVANS  
(Copyright, 1935, by The Associated Press)

PARIS, May 31.—With Pierre-Edouard Flandin forced out by an overwhelming parliamentary vote of lack of confidence and with the premier-designate, Fernand Bouisson, apparently unable to form a cabinet, political quarters said today that Edouard Herriot probably would be called upon again to serve as premier.

Herriot, who already has held the premiership three times, would be called upon to face the financial emergency which resulted in the chamber of deputies voting against Flandin, 353 to 202, early this morning. Herriot himself was overthrown after four days as premier in 1926 when the collapse of the franc caused Raymond Poincare to be called to the rescue.

Bouisson, 60-year-old president of the chamber of deputies, was asked by President Lebrun to form a government succeeding that of Flandin.

Bouisson undertook the task against his own wishes, but made such demands for coalition support that friends said he expected to fail. While the government crumbled, gold flowed out from the bank of France in a cascading stream. Gold buyers, lined up at the bank's counters by the score and carried away bars of the metal sometimes wrapped in newspaper. A vast quantity of gold already has been withdrawn during the past week.

The difficulties Bouisson encountered removed all hope for construction of a new cabinet over night.

Police stopped the procession at South High street viaduct. A crowd of picketers was milling about the plant and Patrolman O. B. Wagner and Corp. C. L. Nafziger, attempting to break them up, drove a police cruiser into the group. A picket was knocked to the ground.

**Strikers Hurt Rocks**  
Strikers and their sympathizers then surrounded the cruiser, hurling rocks at the officers. Patrolman Wagner was struck on the hand, the police car battered by the missiles and one headlight smashed.

Other police attempted to quiet the demonstrators and a free-for-all fight ensued. Chief of Police Fred F. Kundt had placed every available officer at the scene, including detectives and vice squad men, when he learned of the planned demonstration.

The premier-designate insisted he must have full powers and that former Premier Edouard Herriot enter the government.

KINSTON, N. C.—Under a law requiring the county to pay for damage caused by rabid animals, a mad dog cost Lenoir county \$270-35. The dog bit a cow and several pigs.

## Opera Star Bites Player By Mistake

NEW YORK, May 31.—Sydney Rayner, acting in the opera "Cavalleria Rusticana" was a little too realistic for Ricci Pandisco in a performance at the Hippodrome last night.

Rayner, as Turridu, lover of Lola, was supposed to bite the ear of Pandisco, who played Alfio. Rayner rushed forward to carry out his bit of business in the traditional bloodless manner, but the two men collided and Rayner's teeth landed squarely on Pandisco's cheek.

Despite the fact that the teeth left a wound clearly visible from the front of the house, Pandisco carried on and later sang Toni in "Pagliacci."

## Today's Pattern

EASY-TO-MAKE HOUSE FROCK  
Pattern 2161

When Summer rolls 'round the "House Frock" is no longer a typical work dress. No indeed, it has to do a lot of times elsewhere, like making a trip to market, greeting an unexpected caller or porch-sitting in the cool of the afternoon so what more natural than that it take on added charm? The back and bosom fullness now so popular in dressier clothes are featured here, and the perky little frill outlining the unique closing is charming and feminine. But see how simple the pattern is kept with its easy-to-make yoke becoming a cool cap sleeve, and the skirt is just as simple as A. B. C. Choose printed cotton, sheer or sturdy.

Pattern 2161 is available in sizes 14, 16, 18, 20, 22, 24, 26, 28, 30 and 32. Size 16 takes 3 1/2 yards 36 inch fabric. Illustrated step-by-step sewing instructions included.

ORANGE, Tex., May 31.—District Attorney Hollis Kinard announced today he would demand the death penalty for the pastor of his church, the Rev. Edgar Eskridge, charged with the slaying of Ed J. O'Reilly, chief of police.

Kinard said he would map plans for an early trial of the 40-year-old vice-crusader who allegedly shot and killed chief O'Reilly, also a member of his church, last Wednesday.

## 23 DEAD, MISSING IN FLOOD ZONES

Hundreds Homeless In Colorado Springs and Nearby Towns

(Continued from Page 1)

M. West and their two daughters, Oscar White, 30.

**Motorists Escape**  
Fears for the safety of passengers of two automobiles reported overturned in washouts near Glendo, Wyo., were dispelled this morning. J. A. Gerl, telegraph operator at Orin Junction, four miles from the point where the cars left the road, said the machines were enveloped in the flood but the occupants found refuge on an isolated hill.

The last word from Iowa, Colo., indicated about half of the town was under water.

At Elbert, a score of buildings were reported washed down the torrents. Whether there had been any loss of life remained undetermined.

An accurate estimate of the toll of life taken here yesterday may never be possible, officers said, because of the unlikelihood that some, if any, of the bodies would be recovered.

The crest of the flood passed on last night and struck Pueblo, Colo., where a large ward building at the State hospital was torn apart and half of it carried away.

**City Prepared**  
The city, victim of the disastrous flood of June 3, 1920, in which 57 persons lost their lives, was prepared for the emergency. Fifty-four patients in the ward building had been taken to safety just an hour before the flood struck. Three residences on the hospital grounds collapsed.

Sixteen persons were receiving treatment in hospitals here for injuries and shock. Among them was

Fred Whiteford, who clung to a log and floated nearly five miles before he was taken from the water. His wife was among 11 persons who were rescued from the top of a barn.

William Linville said he saw two men pulled down by the swirling waters and a few minutes later watched helplessly as another lost his grip on a log and fell into the torrent.

Milo Thatcher, a carnival company employee, succeeded in rescuing eight women and three children, but was unable to reach an infant, floating to an unknown fate in his crib.

Ellen O'Connor was seriously injured when she was caught by the raging waters, and hurled against the sharp blade of a street grader. Both she and her mother were rescued by the operator of the machine.

## Treadway Claims He Is Innocent

COLUMBUS, May 31 — Peter Treadway, his gray eyes puffed and circled from sleeplessness, reiterated today his assertion of innocence in the slaying of Mrs. Ruth Steese, Cleveland welfare worker.

The 38-year-old former filling station employee sat in Ohio penitentiary's "death row", hoping for word from Governor Davey that could save him from death in the electric chair Saturday evening.

## Uncovers Still

CLEVELAND, May 31 — Fight over a dog helped Police Lieutenant Ozen McAdams uncover an illegal still yesterday. Two men arguing over ownership of a puppy attracted a crowd and finally a free-for-all fight was in progress. One man got a gun and began to shoot in the general direction of the fighting. Lieut. McAdams was looking for the gun wielder when he smelled whisky. In the same house, where he found the suspected gun owner, he found a 75-gallon still.

## THREE INJURED IN AUTO MISHAP

### Blow-Out of Front Tire Figures In Queer Accident

Three persons were hurt in a peculiar mishap on Route 30, five miles south of Lisbon at 10:30 a. m. Thursday. The injured were treated at the office of Dr. Seward Harris in Lisbon.

George Sickles, of Chester, W. Va., started to pass a parked machine owned by Kenneth Schenkele of East Liverpool, when a front tire blew out. Sickles' machine swerved and struck Louis Vay 34, of Wellsville, and his son, Louis Vay Jr., 12, who were standing alongside Schenkele's machine. Schenkele was not hit.

Mr. Sickles lost control of his car and it plunged into a ditch, practically demolishing it. He suffered a sprained right leg and back injuries and his wife, who was riding with him, was shaken considerably.

Mr. Vay and his son escaped with scalp wounds and cuts. Mr. Vay's left leg was hurt.

Salem police today were investigating an accident where Mrs. Susie Wagner was struck by a machine while crossing East State street at 6:45 p. m. Wednesday. She was in Central Clinic today suffering from bruises and shock. No charge was filed against the driver, Miss Gertrude Ververs.

Four Carnegie, Pa., persons were injured when their roadster struck a truck at the intersection of Routes 45 and 224 at Ellsworth shortly after midnight today.

Taken to a Youngstown hospital, John Roach, 21, was found to be suffering from possible fracture of both knees, lacerations of the head and Rita Downs, 20, was found to have cuts above the eye and a possible fracture of the skull and jaw.

Thomas Daugherty, 22, was cut about the nose and hip, while Loretta Dillon, 19, suffered from shock and skinned knees.

Balney Vinkour, of Chicago, Ill., was uninjured although the impact overturned the truck, state highway patrolmen of the Salem barracks reported.

When and where did Babe Ruth have his longest home run?  
This is a question brought to the sports editor with every discussion of the Bambino.  
It has been the general opinion that Babe's mightiest drive came early in his career when playing with Providence, R. I. Others say it happened in 1919 at Tampa, Fla.  
But Babe says that it occurred last year in a pre-season game at Newark. The Braves fielded the wall, cleared distant telegraph poles and everything at the Bears' spacious Jersey park, well over 450 feet.

At the first traditional checking point, the day after Memorial day, St. Paul was the American association's first-place team—but the margin was nothing to cheer about.  
At the quarter post of the season the Saints had a percentage of .511, while Minneapolis and Indianapolis, tied with Marty McManus' team in games won and lost, were knotted in second place at .500.  
The red Nazi flag with a black swastika cross in a white circle has precedence over the old Imperial flag, white and red when German athletes score victories in international sports meetings abroad. There is only one flag pole available. Chancellor Hitler has decreed.

# Attendance Records Fall At Major League Games

BY HUGH S. FULLERTON, Associated Press Sports Writer  
The first holiday program of the baseball season, bringing double-headers all around and an outpouring of fans that shattered all this year's attendance records and a good many of those set in previous seasons, back up Mickey Cochrane's recent statement that the baseball season will find success in the 1935 pennant campaign.

Four clubs in the two major leagues won both games of yesterday's barge-in program and this is how they fared:  
Giants Trim Brooklyn  
The New York Giants, trimming Brooklyn 8 to 3 and 6 to 0, increased their National league lead to 4 1/2 games and incidentally showed the Dodgers down to fifth place. The St. Louis Cardinals, who bowled over Cincinnati 12 to 5, and 4 to 2 hopped from a third place tie with Brooklyn to second in the senior circuit standing. The New York Yankees, trouncing Washington 4 to 0, and 9 to 3, captured the American league lead from Chicago, which split with Cleveland.

The Phillies, slamming out 11 to 6, and 9 to 3 triumphs over the Braves, pulled 2 1/2 games ahead on the cellar struggle with Boston. The Giants had an exceptionally profitable day. In addition to the two triumphs they reaped the benefit of the largest crowd in National league history, 63,943 paid admissions.

The Cardinals hit steadily to collect 16 blows in the first game and rallied in the eighth to win for Dizzy Dean, who contributed nine strikeouts. The Phillies scored seven times in the eighth for their first victory over kept on slugging to pile up an overwhelming lead in the second clash.  
Vito Tamulis, Young Yankee southpaw, rang up his second straight shutout, holding the Senators to six hits in their first clash. The Yanks produced 16 blows to back up Johnny Broaca in the afterpiece.  
Chicago's White Sox, with 42,000 fans looking on, slammed out enough home runs to beat Cleveland 8 to 4 for "Silent" John

Whitehead and gave the rookie his eighth consecutive mound victory. Jimmy Dykes, Zeke Bonura and Rip Radcliff all hit for the circuit in the opener but they couldn't touch Willis Huddlin's two-hit hurling as the Indians took the second game 4 to 0.

Many See Pirates  
Two more attendance marks went tumbling as 40,430 fans turned out at Pittsburgh to see the Pirates move into fourth place by getting an even break with Chicago and 38,000 overflowed the Detroit park when the Tigers and St. Louis Browns split. Detroit never had a bigger crowd and Pittsburgh only at world series games.

Pittsburgh's rookie mound ace, Cy Blanton, was knocked from the hill for the first time as the Cubs smashed out a 6 to 4 victory, but Red Lucas evened it up by pitching six hit ball to win 4 to 1.

The Browns belted out 16 hits and took one game from Detroit 10 to 7, then were limited to three blows by Tommy Bridges as the Tigers won 2 to 0.

Wes Ferrell was both winner and loser on the mound in the even break between the Red Sox and Athletics. He pitched the full first game, winning 7 to 4, then came in as a relief hurler to run into the A's five-run burst in the eleventh and went down 13 to 8.

# Kelly Petillo Wins Indianapolis Race, Setting New Record

Crowd of 155,000 Sees Los Angeles Driver Spin His Car Around Track At 106.240 Miles An Hour Average; One Casualty Listed

By CHARLES DUNKLEY, Associated Press Staff Writer  
INDIANAPOLIS, May 31—Daring 30-year-old Kelly Petillo, who risked his last penny to get in the race, claimed the victor's spoils today for the fastest 500-miles ever turned on the death-ridden bricks of the Indianapolis speedway.

The Los Angeles Italian-American, celebrating "the first time a car ever stayed together" for him, whipped his powerful little cream-colored speedster across the finish line before a record crowd of 155,000 race fans yesterday for a 500-mile average of 106.240 miles an hour. He will collect a \$20,000 cash first prize, \$2,050 in lap prizes and thousands more for accessories.

The nation's greatest speed spectacle was marred by another fatality, the fourth for the 1935 classic and the 31st since the 2 1/2 mile oval was opened to the racing daredevils in 1909.  
Cla Weatherly, 25, Cincinnati driver at the wheel of the doomed racer that killed Johnny Hannon of Norristown, Pa., in a trial run May 21, rode it over the wall of the northwest turn at 110 miles an hour on the eighth lap. A "slow" signal from his pit crew had gone unheeded. He was dead when picked up. His mechanic, Francis Bradburn, 23, of Indianapolis, remained in critical condition in a hospital today, his back broken.

Petillo, former Los Angeles fruit truck driver, who turned to racing in the past five years, winner of the pole position in 1934 race here, almost failed to qualify this year. He flashed through the 25-mile qualifying test at record speed but used more gasoline than the rules allow. On his second trial, a broken connecting rod scattered parts of his motor all along the bricks. He scraped together enough money to rebuild the car, and won.

The winner's wife, Mrs. Valentine Petillo, who was at the track with their nine-year-old son, said: "When I saw Kelly out in front I knew he would win if he didn't run out of gasoline. I just held my breath and waited for him to get the last lap finished."

Mays First In Lead  
Petillo followed the pace set at the start by Rex Mays, Los Angeles, who had the pole and held it until broken spring shackle bolts forced him out at 305 miles. The winner, once in front, had an easy time of it, finishing two miles ahead of Wilbur Shaw of Indianapolis, and five miles in front of Wild Bill Cummings, the 1934 victor, who saw his record average of 104.653 miles an hour go into the discard.  
Had it not been for rain which slowed the field to 75 miles an hour for 33 miles late in the race, Petillo's average would have been even higher. At 450 miles, he had averaged 109.20 miles an hour.  
For the first time in the history of the race, the first ten finishers all averaged more than 100 miles an hour.

Other prize winners and their averages: Shaw, 105.990; Cummings, 104.758; Floyd Roberts, Los Angeles, 103.228; Ralph Hepburn, Los Angeles, 103.177; William Cantlon, Detroit, 101.400; Chet

Gardner, Los Angeles, 101.129; Dea-Litz, DeBois, Pa., 100.907; George Mackenzie, Edgington, Pa., 100.568; Chet Miller, Detroit, 100.474.

Prizes and trophies will be distributed at the annual race drivers' dinner tonight.

Walter Johnson's Future Rests In Hands of Landis  
(By Associated Press)  
CHICAGO, May 31—Walter Johnson's immediate baseball future rested today in the hands of Commissioner Kene-saw M. Landis.

Whether Johnson would continue as manager of the Cleveland Indians depended on how Landis ruled on the claim of Willie Kamm, veteran Indian infielder, that the "big train" was not justified in sending him to Cleveland while the club was in the east last week.

Johnson said Kamm, who carried a price tag reported as \$100,000 when he made his major league debut with Chicago White Sox in 1923, had done the club no good by his advice and suggestions to Indian youngsters. Kamm denied harmful intentions and demanded an opportunity to clear himself in a hearing before Commissioner Landis.

Alva Bradley, president of the Cleveland club, said that in the event that Landis decided in favor of Kamm, he could do nothing but dismiss Johnson and hire a new manager. Bradley supported Johnson when Kamm was sent home, and a year ago when there was criticism of his manager's handling of the club, backed him to the limit.

The hearing was scheduled for this morning.

## STOMACH SUFFERERS

relief in 3 minutes

MANY people who have suffered for years from indigestion do not know that too much acid in the stomach often is the cause of digestive discomfort.

Bisma-Rex is a new antacid powder that acts four ways to give quick relief. It neutralizes excess acid, relieves the stomach of gas, soothes irritated stomach membranes and aids digestion of foods most likely to ferment. Bisma-Rex is sold only at Rexall Drug Stores.

## SHE FELT MARVELOUS WHEN HABITS BECAME REGULAR

Kellogg's ALL-BRAN Relieved Her Constipation\*

Read this splendid letter: "I tried everything, with little or no results. I felt miserable, was 20 but looked much older, and my skin was continually breaking out.

"I decided to try ALL-BRAN, three meals a day for about a week. Elimination became regular. I felt marvelous and looked better. Even my outlook on life was changed."

Mrs. Amanda Hamel, Pawling, N. Y.

\*Constipation due to insufficient "bulk" in meals.

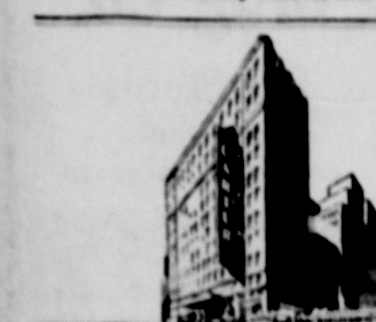

Kellogg's ALL-BRAN provides "bulk" to aid elimination. It also furnishes vitamin B and iron.

The "bulk" in ALL-BRAN is gentle—and safe for normal individuals. More effective than "bulk" in leafy vegetables, as it does not break down within the body.

Isn't this natural food pleasanter than patent medicines? Just eat two tablespoonfuls daily. Chronic cases, with each meal. If not relieved, see your doctor.

Get the red-and-green package at your grocer's. Much more effective than part-bran products. Made by Kellogg in Battle Creek.

## U. S. Alaskan Wards Start Life on New Farms

Palmer, Alaska (top), is only a tent city but it represents the dreams of the true pioneers who have left old homes in U. S. to make a fresh start in the fertile Matanuska Valley. The commissary (left below), is the center of activity as the colonists get supplies for their tent homes. The first baseball game in the valley is shown (below right).

## INDIANA FATHER TELLS HOW NEW LAXATIVE BREAD HELPED 11 YR. OLD GIRL

Russell Farthing Says Daughter Likes PRUN-O-WHEAT BREAD and Results Are Wonderful! No More Pills

"Our little eleven-year-old girl has been bothered with constipation for several years," writes Mr. Russell Farthing of Rushville, Indiana. "We have given her pills about three times a week as well as trying several other remedies in hopes of relieving her in a more natural way . . . but all failed! Finally, we began feeding her PRUN-O-WHEAT BREAD at every meal. She liked its taste and the results are wonderful. Have quit giving her pills entirely. The rest of the family also eat PRUN-O-WHEAT BREAD because they like its taste and its gentle laxative qualities."

This is but one of thousands of cases where people of all ages have been helped by PRUN-O-WHEAT. Fine grained and flavorful, it is both a delicious food . . . especially when toasted, and a gentle regulator to aid proper elimination. It would be a white bread except for the large amount of concentrated prune juice added . . . yet, which—strangely enough—doesn't give the bread a prune taste.

### TRY 14-DAY TEST

Eat PRUN-O-WHEAT BREAD whenever you want a delicious bread that's different. But you at each meal, to enjoy its regenerative laxative benefits. Try it for 14 days. You'll be amazed at the results. Ask your grocer for a loaf of PRUN-O-WHEAT Bread and start today.

Our Valve Refacing Machines are built to do their work with precision and accuracy. When valve grinding is necessary on a reconditioned car, all the valves are first refaced on this machine. It produces true valve seats which are necessary for efficient performance.

THE "MECHANICAL DOCTOR" AT WORK

This Laboratory Test Set is one of the special machines designed for Ford Dealers for testing a reconditioning all makes of cars. Applied to an engine, it detects the slightest imperfection in mechanism or electrical system and tells exactly what reconditioning any, is needed. To see this machine work is interesting. We will be glad to show it to you.

A Valve Seat Grinder is a modern and ingenious machine used by Grate's in reconditioning work. It grinds the valve seats in the cylinder block with the same degree of precision to which the valves are refaced.

LIGHTS ADD TO GARDEN BEAUTY

Pretty Night Display Is Work of Magic, Says Home Expert

ARE YOU getting the most out of your garden? You can if you combine some artistry and imagination with lighting equipment.

It is good to report that more and more gardens, be they estates or just little yards, are being made increasingly lovely by the use of judicious lighting. So, why not get in line and do right by your garden, making it a thing of glowing beauty that will vie with the glory of the night?

Light for the garden is not an extravagance, nor does it detract from the neatness of the garden during the day. The equipment must not show, only the soft, glowing light is to be enjoyed. Place your lights carefully and you will work magic with but small expense and effort.

Equipment Hints

Underground wiring isn't necessary. Heavy rubber waterproof cord in 15-foot lengths is cheap and two such lengths should be sufficient to carry a connection safely from an outside outlet, from the garage or through a basement window. There are sets of small shields, mounted on spikes, with a clip in back to hold lamps. The shields are shaped and painted in conventional flower or bird design. These are to illuminate borders and hedges and are seen from one side only.

Then there is the conventional reflector which is designed to illuminate bushes, clumps of flowers and beds of tall flowers. At night, the reflector is practically invisible and by day, its design and dark finish make it unobtrusive. Then there are small portable floodlights, of the type familiar to most of us. These are lovely for garden parties, and different slides of colored gelatin, placed beneath the glass cover will add to the colorful charm of your garden.

Light Rock Smart

Besides the small flower shields, there are large shields, some done in conventional flower design while others are in the shape of squirrels and birds. Most beautiful is a bird

bath with a luminous pedestal which rates first prize in any garden lighting design. The pedestal carries several reflectors equipped for inside frosted lamps.

To illuminate steps and paths, as a night marker for flower beds, and to illuminate beds of low flowers, there is the light rock. This clever device is made of real rock in a porous formation that should in time gather moss and herbage. The back of the rock is left open, permitting inside-frosted lamps to shine out over the garden.

Setting Your Table So It Will Be Right

A letter from a correspondent tells us that she has been in her local store looking at a display of set tables. She has seen so much and so many different types of service that she has become confused about it all and says that she doesn't know how to set her table so that it will look and be right.

We want to tell this correspondent, as well as others who might be similarly confused, that there are certain fundamental rules that remain, no matter what type service is used. These rules remain the same whether the table is set for a simple or elaborate breakfast, a

quick luncheon or a luncheon party, a family dinner or a formal party. First of all, see to it that the table setting appears balanced. Dishes must be placed so that no spot is crowded, no matter what the size of the table may be. Also no side or end must be over-burdened with dishes. All lines on the table should go across or lengthwise of the table. Therefore, the handles of dishes, bread and butter spreaders, oyster forks, fruit cup forks, salt and pepper sets must all be placed so that they conform to this cardinal rule.

Avoid Carelessness

If round doilies are used for service, the threads should be placed parallel to the edge of the table, never on a diagonal. All dishes, linen, silver and other appointments must follow this rule. Otherwise, no matter how costly the table appointments, the effect will be one of carelessness. Dishes and serving silver must

always be placed for convenience. Never put a dish of pickles or relish so far toward the middle of the table that no one can reach it. The old-fashioned "boarding" house "reach" has gone out of style.

The silver, china, linen and glass placed for each person comprise a "cover". Each cover requires about 20 to 24 inches of length and 15 inches of depth. The cover must not be crowded, or appear so, and it must be a definite unit. So sprawling silverware, straying plates and glasses are out, no matter what style table appointments are used.
